

RAY Integrated College

(Affiliated to Bangalore North University)

WELCOME TO RAY INTEGRATED COLLEGE BANGALORE, INDIA

It is an enchanting and massively satisfying feeling to be among young vibrant souls, blooming to be the future stars of the generation. Education is a very powerful tool capable of changing lives and injecting bright colours to it with a fresh and lasting fragrance of smartness. India has always been a leader in diverse fields highlighted by the gift wrap of discovery, execution and ample implementation.

Our course are designed with the intention of producing an all round developed professional with high level of flexibility, adaptability and diverse set of industry specific skills. we work to make our students capable enough to smoothly bridge the gap between industry and educational institutions.

“ Education is not learning of facts, but training of the mind
To think _ Albert Einstein.

Personally, I take every day as an opportunity to create
And build better future world
Being in the education domain, I feel thrilled to
Substantially make difference in the progress,
growth and development of the society.

We at Ray Integrated College knit the threads
Of values, knowledge and discipline to produce
a worthy piece of smart and enlightened individual.
I wish you all the very best to wholeheartedly be
a part of the society's positive change!

R. Riya

Average monthly accommodation charge sums up to 100 USD

WHAT OUR STUDENTS SAY

Blaise Ehoussou

I am Blaise Ehoussou Student at RAY College in Bangalore, India. I joined the Institute last year and I admit I was fascinated by the warm welcome from the staff.

At the level of the rooms, we note materials of last generations what allows an adequate arrangement for us the students and the faculty. The lessons, on the other hand, are simply fantastic. the courses are well given and the hygienic conditions are respected. Also, this school knows how to bring these students to the top because the motivation is there.

Ray Integrated college is one of the best schools I have studied in! The lectures are very friendly and they do their best to make sure every student understands a particular topic before they move to the next, there's good communication between students and staffs and when you need any assistance you can talk to them. Coming from a different country to meet new friends wasn't easy but the staff and lectures have been able to bring all of us together, thanks to Ray integrated college I have friends in most part of the world and it's the best place for students

Cornelius Dartey Manyo

Likhon Roy

Ray Integrated College- Real world Real Learning

Ray Integrated College, Bangalore is the college where we are able to develop our personality as well as knowledge and skills through different training given by the Institute. In this Institute we are not only able to get the knowledge about the subject but also about the outer world.

It's a place with full of opportunities, challenges and new thoughts. Here we learn how to face the challenges, develop leadership qualities.

My name is Jacintha Ifunanya Okeke, from Nigeria. A student of Ray integrated college, affiliated to Bangalore University, I study B.com Bachelor of commerce which happens to be a three years course. My experience with this college within my few months here has been so amazing, I must say is one the best schools that I have studied in! The instructors are so friendly, they always make sure they pay attention to you when you ask a question, they always explain it in a way you would understand, we can really learn very fast with the way they teach, I also have great classmates from different countries we do lots of speaking in class to enable us learn fast.

Jacintha Ifunanya Okeke

Victor Asamoah

Ray Integrated College is a place of learning, fun, culture, lore, literature and many such life preaching activities. Studying at Ray College has brought an added value to my life with an excellent memory to cherish for a lifetime. I have received a great support from faculties & College authorities as a whole. Ray College trains and educate students to acquire both knowledge and skills with the help of ultra-modern facilities and hands on courses to help shape and prepare students for the future. The international exposure makes you a better man to face the challenges of the corporate world. I am thankful and enjoy my stay here very much.
